

Technical Data Sheet

General

Article number: 3680xxxx10

Description: Colad Sanding Discs Premium
8+6+1 (15 holes)

Specification

High quality abrasive, very well suited for machine sanding at high speeds during all stages of the repair process. Designed for the car body repair and marine industry for sanding, paints, primers and putties. Also suitable for metal, decoration and wood industry.

The sharp and hard aluminium oxide grains are especially prepared to provide fast cutting results with high removal rates.

The unique engineered coating technique prevents accumulation of particles into the abrasive, so it will last longer and gives a consistent high quality finish.

Features and Benefits

- **High quality, paintable finish:**
Creating a paintable and even finish.
- **Increases productivity:**
Aggressive cutting performance; work more efficient.
- **Durable, resist to clogging:**
Treated to prevent dust accumulation. Result: durable and provides a high quality finish.
- **Fast and consistent performance.**
High speed in sanding performance, initially and for the disc lifetime
- **Less dust**
Hole pattern creates good dust extraction and provides a healthier workshop.

Application

- Machine sanding at high speeds during all stages of the repair process.
- For instance: sanding of paints, primers, putties, stripping old paint, finishing.

Substrate Range

- Metal
- Lacquers
- Paint removal
- Paint sanding
- Putty

- Primer
- Plastics
- Body filler
- Wood
- Veneer
- Glass fiber

Industry

- Car body repair
- Vehicle production
- Marine
- Metal
- Decoration and construction
- Wood

Technical Specification

Diameter	150 mm
Backing	D-paper/C-paper
Grain	Aluminum Oxide
Bonding	Resin over resin
Coating	Semi-open
Colour	Gold
Application on pad	Velcro (Hook & Loop, to be used with 150 mm pads)
